OFFICE OF PETITIONS

**PETITION UNDER 37 C.F.R. §1.137(a) TO WITHDRAW HOLDING OF
ABANDONMENT BASED ON FAILURE TO RECEIVE OFFICE ACTION**

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

On July 9, 2003, a Notice of Abandonment was issued in the above-captioned application stating that the application is abandoned in view of Applicant's failure to timely file new formal drawings as required in the Notice of Allowability.

On September 5, 2003, Applicants submitted a Petition Under 37 C.F.R. §1.181 to Withdraw Holding of Abandonment and seven (7) sheets of Formal Drawings. On January 30, 2004, said Petition was denied.

On or about February 9, 2004, Khaled Shami of this office, spoke via telephone with Examiner William Krynski regarding this matter. Examiner Krynski requested copies of reports from our docket system showing the Office Letter of March 26, 2003, from the U.S. Patent and Trademark Office, was never received by this office. In a letter dated February 9, 2004, to Examiner Krynski (a copy of which is enclosed), Mr. Shami faxed docket reports showing the communication was never received and a Patent Office PAIR Report which clearly makes no mention of the March 26, 2003 Office letter, and again petitioning the withdrawal of the abandonment.

On June 17, 2004, Applicants' Petition under 37 C.F.R. §1.181 was denied on the grounds that "[t]he evidence presented is insufficient to establish that the Office letter mailed March 26, 2003 was not received at the attorney's correspondence address. The evidence provided includes a statement by the petitioner that the

Office letter mailed March 26, 2003 was not received by the office of the petitioner and a statement that a search of the docket records was made and the results of such a search revealed that the Office letter mailed March 26, 2003 was not received, also included is a copy of the docket records, but the instant petition does not contain a statement attesting that a search of the file jacket was made, and the results of such a search revealed that the office communication was not received."

Pursuant to 37 C.F.R. §1.137(a) and MPEP 711.03(c)(I)(A), Applicants respectfully state that the office of Applicants' practitioner did not receive the Office communication mailed March 26, 2003. A copy of the docket record where the nonreceived Office communication would have been entered had it been received is incorporated in the letter to Examiner Krynski dated February 9, 2004 (and enclosed herewith). In addition, practitioner has done a complete search of the file jacket and the results of the search reveal the Notice Regarding Drawings dated March 26, 2003, was not received.

In view of the above, Applicants respectfully petition withdrawal of the holding of abandonment and submit herewith formal drawings as requested in the March 26, 2003 letter.

Since this petition is being filed under 37 C.F.R. §1.137(a), the petition fee of \$55.00 is attached. The Commissioner is hereby authorized to charge any further fees required by this paper, or credit any refund overpayment, to our Deposit Account No. 02-4800. Should any questions arise in connection with this matter, it is respectfully requested that the undersigned be contacted at the number indicated below.

Respectfully submitted,

BURNS, DOANE, SWECKER & MATHIS, L.L.P.

Re: Reconsideration of Decision to Deny Petition to Revive
U.S. Patent Application No. 09/703,846

Dear Mr. Krynski:

Thank you for returning my telephone call today regarding the above-referenced patent application. As I explained, the Office letter mailed March 26, 2003, and referenced in the Decision on Petition mailed January 30, 2004, was never received by our office. As evidence of this, I attach herewith a copy of the Patent Office PAIR report (Exhibit A), which makes no mention of the March 26, 2003 Office letter. I also attach copies of two versions of a report of our office docketing system, into which all incoming correspondence from the Patent Office is logged. The first version is dedicated exclusively to the above-referenced application (Exhibit B). The second, global version, lists firm-wide due dates (Exhibit C) and was run for the dates of May 23, 2003 through May 28, 2003, which would have included the May 26, 2003 expiry date of the two-month reply period to the March 26, 2003 Office letter. Neither of these reports makes any mention of the March 26, 2003 Office letter, or of the required response thereto.

The existence of the Office letter of March 26, 2003, is further called into question by the failure of the Notice of Abandonment dated July 9, 2004, to make any reference thereto. According to the Decision on Petition mailed January 30, 2004, the Notice of Abandonment "should have stated that the 'application is abandoned in view of Applicant's failure to timely file a proper response to the Office letter mailed March 26, 2003,'" but mistakenly had the wrong box checked instead.

From the above it can be seen that even if the Office letter in question were mailed—a fact which is disputable due to its absence from the PAIR report, and also due to the failure of the Notice of Abandonment to make any mention thereof—our office did not receive said letter. Accordingly, Applicant was never notified of the formal drawings requirement—neither before nor after payment of the issue fee—until it was too late, and the application was abandoned. Applicant then made a bona fide attempt to revive the application by filing the Petition Under 37 C.F.R. §1.181, and submitting with said petition the required formal drawings. Reconsideration of the Petition is respectfully requested.

Respectfully submitted,

Khaled Shami, Reg. No. 38,745
